Read the following passage carefully and then answer questions 26 to 38

Mutua and Kamene paid their aunt a visit when the schools closed for December vacation. Their aunt's place was an enjoyable place because they did not do a lot of work. This was contrary to their home where house chores and homework was the order of the day. Furthermore, aunt Nelly went daily to work in the market until evening. She would return with a snack.

One Friday aunt Nelly had just left when Mutua and Kamene went out to play a game of throwing and dodging stones. Mutua stood at one corner of the compound and Kamene the other. The game had gone on smoothly until Tonny, the puppy joined in their game.

The fun intensified when Tonny started to run after every stone thrown. Mutua and Kamene enjoyed so much that they collected more stones. On the other hand, Tonny seemed to enjoy the most as he jumped and pounced on the fast rolling stones.

A frail cry stopped the two children from playing. Tonny had been smashed close to death. Every attempt to save his dear life proved as futile as chasing the wild goose.

"Mutua it's all your fault," Kamene exclaimed as Mutua sunk in a sea of worry. He shed tears of regret and swore to pack immediately and leave for their home.

"We can easily fix this safely," suggested Kamene after a brief silence, "and aunt Nelly will never know."

Kamene suggested that they bury the puppy in the garden. When asked about the missing kitten, both agreed to say that they had not seen it.

Aunt Nelly came back home feeling as tired as always. She hardly noticed any puppy missing despite worried faces of Mutua and Kamene. Supper was quickly prepared which comprised of chapati and meat stew. Aunt Nelly and the children sat round the dining table as they ate the tasty meal.

Kamene, due to her insatiable love of beef, asked for more. Unluckily, aunt Kamene had served everything no left over. As sly as a fox, Kamene demanded some beef from her brother Mutua.

"This is enough for me, I can't share with you," replied Mutua shielding his plate. Kamene got annoyed and looked straight into Mutua's eyes.

"Remember the puppy. Give me some meat," Kamene whispered leaving Mutua trembling with fear. Mutua shared his stew despite not eating enough. He was in a dilemma whether to let the cat out of the bag or not.

Read the passage below carefully and then answer questions 39 to 50.

It is common to hear people make resolutions at the beginning of every year. One positive thing about such resolutions is that they aim at improving people's lives. ***People vow to shed off bad habits*** such as smoking and drinking, oversleeping, overheating and cheating. Most of such resolutions, however, are forgotten as soon as they are made. Most people do not make an effort to ensure the resolutions become a reality. The habit of making resolutions is proof that people acknowledge their weakness. What they lack is commitment to change.

A year is a convenient fraction of one's life to stop and think of what needs to be done to improve life. It is, however, a meaningless and wasted fraction of life if the commitments are not realized. The most important thing is to make a lifetime commitment to live a quality life. We should constantly strive to improve our lives as individuals because by so doing we improve society and human kind in general.

Whatever resolutions we make should be for our entire life. They should be meant to achieve peace with ourselves and with others. We should be tolerant and create understanding wherever we are. Nothing comes easy. We should have goals that we wish to achieve in life, make plans on how to achieve the goals, be assertive and determined and convince ourselves that we are capable of achieving the goals. The saying goes that where there is a will there is a way. With that, our new - year resolution will have meaning and we will have the commitment to achieve them.

Do not let obstacles like self-pity, endless mourning over problems or blaming others for your fate interfere with your determination to live by your goals. Turn your misery into an opportunity to learn where your weakness lies. Study harder and get help to improve your school work.

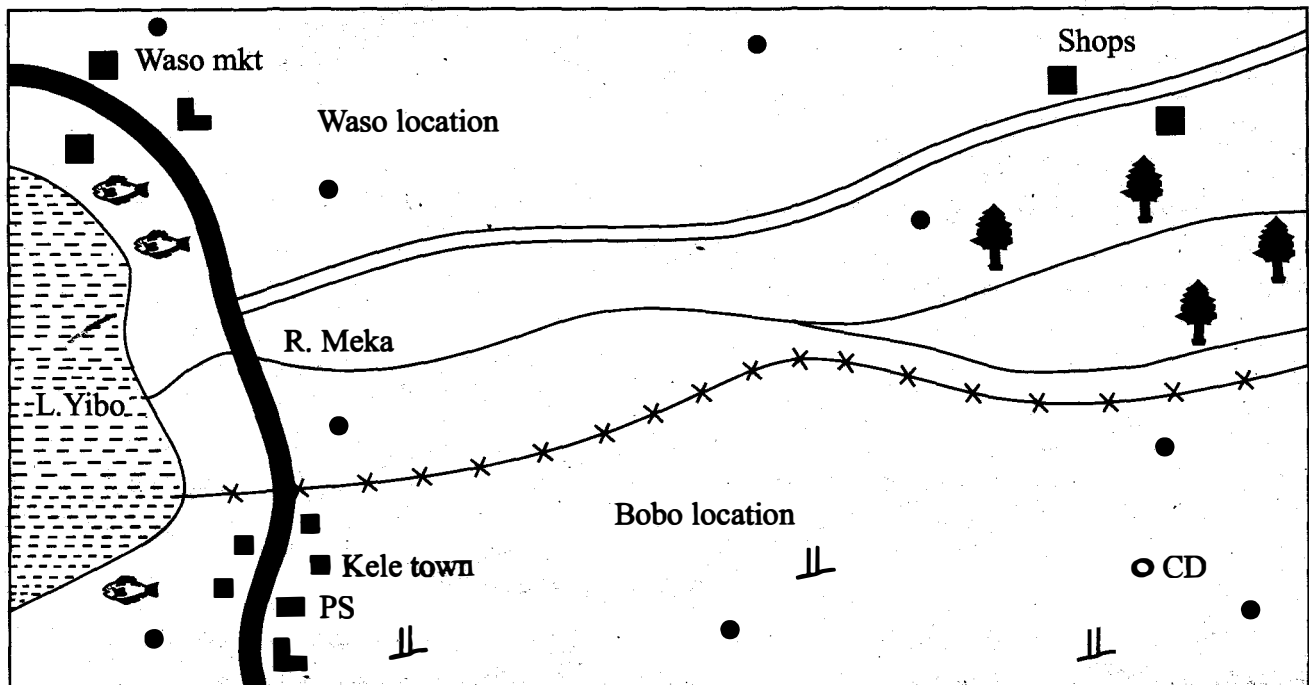

Learn to see the good qualities in others. Avoid imposing your ideas on others. Learn to listen to them. If you must insist on your ideas, try to convince others by persuading them to see your point.

Vituko vya Kambaga na Arufani viliwaacha walimu na wanafunzi wa shule ya msingi Shimoni vinywa wazi. Wanafunzi hao walikuwa kama ulimi na mate. Dunia iliwahadaa kuwa wakiachia masomo darasa la saba watapata kazi za kutajika mjini. Waliondoka kwa makeke na vitisho shuleni bila kujali mustakabali wao. Nasaha za walimu wao na wazazi zikawa bure bilashi. Ama kwa hakika wakawa **sikio la kufa lisilosikia dawa wala kafara.**

Vijana hao walifika mjini bila chochote ila nguo walizovalia mji uliwalaki, wakakumbana na hali halisi ya maisha ya mjini. Walishindwa kuamini waliyokumbana nayo. Walitamani kurudi kijijini lakini hata nauli ikawa kitendawili. Lisilo budi hutendwa. Kazi za kutajika zenye kipato cha juu walizosimuliwa kumbe zilikuwa hekaya za abunuwasi. **Waliamua kujinasua kutoka kwenye lindi la shakawa na kutafuta kazi.** Kisebusebu na kiroho ni papa; mbinu za kutafuta riziki kujikimu zikawa si suala la hiari.

Aghalabu kazi duni huwa rahisi kupata na mtu huipata haraka akiwa ni mshoni asiyechagua nguo. Hivyo ndivyo walivyoona Kambaga na Arufani mambo yalipowaendea pepe. Ajira duni na mshahara duni. Vijana hao walikuwa baadhi ya wachochole waliokumbatia kazi zisizotamanika kama vile ujakazi, utopasi, ulezi, utwana na nyingine sampuli hiyo, Kambaga aliangukia kazi ya uchungu kwa **mshahara wa kijungujiko.** Kazi yake kuu ilikuwa kuwachunga na kuwakama ng'ombe. Arufani naye akapata utwana kwa mshahara sawa na wa mwenzake. Hali zao zilikuwa mbaya lakini hazikuwa mbaya kama halaiki ya wasiokuwa na ajira ya aina yoyote mjini.

Wangelalamikia viatu, wangepambirwa wapo wengine wasiokuwa na miguu. Ndivyo walivyoiona hali yao. Japo waajiri wao walikuwa binamu, hawakuwa na muamana mwema baina yao, hawakupikika chungu kimoja uhusiano wao ulikuwa kama wa chui na mbuzi. Jambo hili lilisababisha urafiki wao kuanza kuyeyuka kama bongwe la aiskrimu juu ya moto. Kweli jambo usilolijua ni usiku wa giza. Kwa kuwa hawangetaka kutengana, iliwabidi waache kazi zao na kurudi kijijini. Japo miaka ilikuwa imeisha mingi na umri wao kuongezeka, waliamua kurudi shuleni kwani walishapata funzo lao. Walianza tena kusoma elimu ya ngumbaru.
