STANDARD FIVE - YEAR 2020 CONTINUOUS ASSESSMENT TEST SCIENCE

TIME: 1hr 40 mins

8. Which of the following is not a source of 1. The grouping of plants according to their common characteristics is known as vitamins in the diet? A. sorting. B. displaying. A. Spinach. B. Kales. C. classification. D. naming. C. Watermelon. D. Cassava. The doctor who looks after our teeth is 2. 9. Pressure in liquids decreases with known as A. volume. B. depth. A. dentist. B. optician. C. surface area. D. height. C. physician. D. cardiologist. A tool is a device that 10. 3. is a scientist who studies A. reduces work done. weather. A. Astronomer B. Meteorologist B. increases effort used. C. Climatologist D. Physician C. makes work easier. 4. The form of energy needed to remove D. reduces work load. moisture from grain is Pupils put some liquid in a balloon and A. sound. B. light. poked holes as shown D. heat. C. fireflies. The activity below was carried out by class 5. 4 pupils from Baraka primary school Lid Water droplets Container Soil Fire The best conclusion after the experiment was that pressure in liquids The activity showed that A. is exerted in all directions. A. soil contains smoke. B. increases with depth. B. soil contains organic matter. C. soil contains water. C. is equal at the same depth. D. soil contains living organisms. D. decreases with volume. 6. Three of the following are poultry products 12. Wisdom teeth mainly consist of except A. canines. A. meat. B. milk. B. melars. D. manure. C. eggs. C. premolars. 7. Water can be used in industries for the following activities except D. molars and premolars. A. skiing. B. cooling machines. C. making fountains. D. mixing chemicals.

13.	Clouds are grouped	d according to the	21.	Which of the followi	ing food groups is made	
	following except			up of a balanced dict	up of a balanced diet?	
	A. shape.	B. height.		A. Eggs, kales, ripe l	banana.	
	C. size.	D. appearance.		B. Beans, kales, egg	S.	
14.				C. Milk, meat, chapa	ti.	
14.	Animals are mainly divided into two main groups. These are			D. Ugali, peas, cabb	age.	
			22.	The following are wa	ays of maintaining tools	
	A. egg layers and ones that give birth.			except		
	B. vertebrates and invertebrates.C. warm and cold blooded.D. those living on land and those living in			A. greasing.		
				B. sharpening.		
				C. using them regula	rly.	
	water.			D. cleaning after use	•	
15.		non-green plants except	23.	Cumulus clouds have	e all of the following	
	A. liverwort.	B. toadstool.	1 Sector	characteristics except		
	C. mould.	D. penicillium.	1 Sec. 2	A-are white in colou		
16.		d in the following ways		B. indicate presence		
	except for	· 4		C have a flat bottom	•	
	A. cooking.			D. no found high in
